Electrical boiler for space heating

| | | |
|---|--------|-----|
| Supplier's name: | NIBE | |
| Model: | ELK 26 | |
| Seasonal space heating energy efficiency class, average climate: | D | |
| Rated heat output (P _{design}), average climate: | 26 | kW |
| Sound power level L _{WA} indoors | 35 | dB |
| Annual electricity consumption for water heating, average climate | 58674 | kWh |

Information for package label

| | | |
|--|----|---|
| Class of the controller | I | |
| Contribution to the energy efficiency | 1 | % |
| Seasonal space heating energy efficiency, average climate: | 37 | % |
| Seasonal space heating energy efficiency class, average climate: | D | |
